

# 13<sup>th</sup> WATER - WATER SUPPLY SYSTEMS SANITARY TECHNOLOGIES FAIR

Budva, September 19<sup>th</sup> - 23<sup>rd</sup>, 2018

Dear Sir/Madam,

We invite you to take part at the

## 13<sup>th</sup> WATER-WATER SUPPLY SYSTEMS-SANITARY TECHNOLOGIES FAIR

**to be held from September 19<sup>th</sup> to 23<sup>rd</sup> 2018 in the jubilee year when Adriatic Fair celebrates 50 years of its successful business.** The Event will be held in the same period as 40<sup>th</sup> Civil Engineering Fair and 6<sup>th</sup> Energy Fair. The combination of these events represents an opportunity for exhibitors to use benefits of the synergy of fair platforms.

WATER – WATER SUPPLY SYSTEMS – SANITARY TECHNOLOGIES fair is an opportunity to be presented in one place: systems and projects for the exploitation and protection from water pollution; the companies which produce and distribute equipment, devices, systems for treatment and disposal of wastewater, equipment for hydrotechnic objects, measuring instruments for the automatization and control system, equipment and instrumental techniques for water and wastewater control, equipment for hydrotechnic objects (water utilization and use); projects and investments in the field of water supply, disposal and treatment of wastewater; services of public utility and waterwork companies; financial institutions which invest their money in this sector of economy through loans and funds; professional and scientific institutions, publishers of professional literature.

In parallel with exhibition part of the Event is also held the program part made of thematic presentations, promotions, roundtables, panel discussions. Unique communication platform offered by the Fair represents the combination of ideas, information, suggestions and new solutions and problems in the sector of waters.

With the expected number of visitors, customers, buyers, this fair event represents the starting platform for all future projects and networking of manufacturers and distributors of equipment and technology with financial institutions that invest money in water management.
